## BEFORE YOUR SCAN YOU WILL NEED TO REMOVE ALL METALLIC OBJECTS FROM YOURSELF

For example: prosthetic limbs, phones, watches, coins, keys, credit cards, jewellery, belts, hairgrips, wigs, hair weaves, hair extensions, dentures, hearing aids and glasses etc. Please try not to bring valuables with you - STH cannot be held liable for any loss. Clothes with metallic parts (clips/hooks/studs) or with any silver impregnated antimicrobial materials must be removed - hospital gowns are available to change into and lockers or baskets will be provided to store your belongings.

**Your appointment WILL be rescheduled if you bring unaccompanied children with you**

- At your appointment, please tell the staff if you have, or are wearing, any permanent cosmetics, microblading, tattoos, magnetic eyelashes, coloured contact lenses, dermal piercings or non-removable jewellery
- At your appointment, please tell the staff if you have epilepsy, diabetes, allergies or poorly controlled asthma
- Skin or transdermal patches containing metal (silver backed etc) or containing Fentanyl/Buprenorphine <b>must</b> be removed prior to your scan. All other skin/transdermal patches should be removed prior to your scan to avoid the risk of over delivery of the active ingredient. - please check with staff <b>before</b> removing insulin pumps and/or glucose monitors (Libre, Dexcom etc). These may still need to be removed. <b>Be aware that you may need to renew/replace these items after your scan - bring replacements to your appointment.</b>
Your data is used according to the STH Patient Privacy Notice. This may include use of anonymised data for research and teaching purposes.
